What a July we've had. Rain, cold fronts, north winds, remnants from the Hurricane. No complaints here. The golf course is great. We've encountered wet conditions to dry conditions. We've been busier than I can remember.

Please remember to call and get you a tee time for Friday's, Saturday's and Sunday's. It certainly helps knowing who's coming and when.

“Congratulations to our 2024 Men's Club Championship”

Notes from the Staff

From the Golf Course

Wow, hard to believe that we are already into August. Fortunately, we are getting closer to fall every day, and we have been blessed with moisture and cooler than normal temps for the last of July. The crew has done a great job with maintaining the course at a high level. The course was in great shape for the Men's Invitational this past month and was a success. 1015 We have added a new nursery green next to the white tee box on number 10 and it is coming in nicely. This green was added by saving the aerated cores from the last greens aerification. The crew has also added a few new trees around the course.

We will be aerating the greens for the last time later this month. Noah has also diligently sprayed annual weeds around the greens and course. The turf will likely turn yellow during the spray applications but will return to color within a few days. With this heat let's try and remember 90 degrees in fairways, I promise we won't wear out the concrete and the grass will be grateful. Stay safe and keep hydrated and remember to fill divots and repair ball marks!

From the Club Manager

August already? That means that summer is about half over. On behalf of the staff, we hope you are enjoying your summer, whether on the golf course, on the racket courts, or at the pool. I want to give Alex and her staff a big shout-out for creating a fantastic kids' camp. Fernando and Gaylord showed the campers a great time on the course and the courts. The kids also made their own beach towels and peanut butter pie to take home to their families, had a foam party at the pool, and even made their own pizza for lunch one day. It is so important to me that the kids enjoy themselves while they are up here at the club.

I also have a big announcement that I want to share with everyone. As you know, Chef Joe left us to spend more time with his family, and we wish him nothing but the best. After a daunting search, we have hired a new chef to join the Athens Country Club family. Amanda (Max) French brings us strong culinary knowledge with a wonderful palate. When you see her, please introduce yourself and let her know just how excited we are to have her.

Finally, I want to thank Donna Meredith, the President of the Athens Economic Development Corporation Board, and Elizabeth Borstad, our City Manager, for their guidance and efforts in helping the Athens Country Club, as we continue our support to local organizations in and around the City of Athens.

As always, I need you to know we are not perfect, and I want and need your continuous feedback and support. Let me know how we are doing!

Thank you for your continual support of your club!
Jeff

From the Fitness Center Director

Summer is coming to an end, school is starting, and we are now approaching a busier time of year. Don't give up your workouts though! Take care of yourself and do something even if you have to change your schedule a little. Make time for it. Exercise is not only beneficial for the body, but is also important for your mind. Exercise causes your body to release endorphins and feel happy. Exercise will help you deal with stress better. Exercise will help you to think more clearly. So make time for it. Even two to three times a week will make a difference. Hope to see you at the ACC Fitness Center!
